

## SEA PACK

Compounded Feed Binding Agent  
Made in Japan

Purpose :

- Use for binding medicine, supplements to EP or Moist Pellet.

Packing : 1kg aluminum bag.

Ingredient : Seaweed Powder, feed yeast, guagum, licorice powder.

Usage : Mix 0.5~3% of Sea Pack with feeds.

Benefits :

### Seaweed Based

- Because the main ingredients is seaweed which is naturally well balanced, SeaPack has various vitamin/mineral/amino acid.
- Color enhancement of both body and meat of fish is expected.
- Enhance digestivity of protein and sugar contained in the feed. More effective if being used with vitamin additives.

### Contains Yeast With High Glutathione

The glutathione has the following benefits:

- Reduce damages to liver caused by continuous or massive dosages of the medicine.
- Reduce damages of liver caused by feed containing oxidized fat, high fat and so on.
- Enhance health of larvae cultured in high density or unstable DO condition (e.g. red tide).

### Contains Licorice Powder

- This sweet licorice powder is refined from roots of natural papilionaceous plant, adding to the charm of feeds.
